From an early age, I was fascinated by the hospitality industry, living in a country where tourism is prevalent and, in an area where there were many resorts. In 2003, I enrolled in the Autonomía de Santo Domingo University to study languages including German, French and English. The knowledge of multiple languages opened the doors to the international hospitality industry for me.

Recruited by one of the best hospitality companies in the Dominican Republic, I worked for North Coast Management Luxury Properties and Villa Castellamonte from 2006 until 2016. My professional experience over these ten years included serving as the General Manager for a luxury property with a team of employees and a demanding clientele. I developed an expertise in service for a fine dining establishment with an impressive wine cellar. With this position came the responsibility to train others to be able to deliver service at the highest levels.

In 2017, I was given an opportunity to join the Grand View team as the Banquet Manager leading our waitstaff and bartenders in the execution of all events. Providing smooth, professional and seamless hospitality to our clients is my passion. I love what I do, and it makes me feel proud to be at Grand View every day. It is my joy and it is my life.
